the county surveyor shall include in the plans the grade and cross section requirements for a new crossing, or the requirements for altering, enlarging, repairing, or replacing the crossing. The surveyor shall mail a copy of the requirements addressed to the owner of the highway or right-of-way.

(b) When requested by the owner of the highway or right-of-way, the county surveyor shall meet with the owner at a time and place to be fixed by the surveyor. The surveyor shall hear objections to the requirements, and may then change the requirements as justice may require.

(c) When the board finds that in the construction, reconstruction, or maintenance of a regulated drain it is necessary to:

(g) Approval of the plans and hydraulic data by a person who is registered under IC 25-21.5 or IC 25-31 is required before the work can take place. However, if the county surveyor is not registered under IC 25-21.5 or IC 25-31, a registered person who is selected under section 30 of this chapter shall:
